The play, "Daddy," given at the Academy of Music last Friday evening by Farmington home talent was a veritable treat. The comedy is good and was remarkably well presented—a source of fun and enjoyment from start to finish. Little Miss Pease (she is six years old), in her violin playing, is a wonder, and the selections she gave were enthusiastically applauded. The entertainment all through was exceptionally good, and we congratulate everybody connected with it.

He will show what it means in the evangelization of America and the conversion of the world.

About twenty-five friends of Mr. and Mrs. Ed. Masterson paid them a wedding anniversary visit on last Monday evening. The guests report a very enjoyable time. It was voted by the company that the couple had not been properly married, and Dr. Powers was called on to tie the knot right, which he did with plenty of good wishes. The evening was spent throughout the evening that something was doing in the "eats" department, and there was, and it was "good and plenty."

Mrs. J. H. L. Long of Bellevue gave a reception complimentary to Miss E. Logan, of St. Louis, Wednesday evening of last week. Dinner was served on the lawn which was illuminated with Chinese lanterns and the lights from the automobiles. The collation was most delicious and afterwards there was music and a general good time. Those in attendance were: Mrs. Ann Logan, Mr. and Mrs. E. Logan, Mr. and Mrs. J. Lemuel Logan and son, Mr. and Mrs. J. H. Long, Mr. and Mrs. J. O. Campbell, Mr. and Mrs. Joe Tackett, Dr. and Mrs. D. Appleberry, Misses Annie Campbell and Florence Hatley and Mr. Archie Campbell, of Bellevue, and Miss Jennie E. Logan and Mr. Anrol Kloefer of Louis.

Chas. Grotto, a boy employed at the convent in Arcadia, rode his bicycle over to the picture show Tuesday night of last week. When he came off of the show, after the performance, his bicycle was gone, nor could he find trace of it anywhere, so he had to walk home. A couple of days later he got a tip that he could find his wheel at Annapolis. He made a trip there and learned that a bicycle answering the description of the one stolen from him had been sold there by a stranger the day before but that the purchaser had taken it to De Soto. Grotto then journeyed to De Soto, where he found his wheel, obtained possession of it, and returned home. The bicycle had had rough usage, but the owner was glad to recover it at that.

The cases of Washington County vs. Joseph Oreswell, circuit clerk; John O. Long, former county clerk, and J. A. Letcher, former county collector, in which action was brought against the defendants severally for the recovery of certain fees, alleged to have been retained by them contrary to what they were allowed by law, was called for trial at an adjourned term of circuit court to be held on October 4th. The total amount the county is seeking to recover is \$1,623.80. The amount charged against Mr.

Cresswell is \$168.65; Mr. Letcher, \$163.42, and Mr. Long, \$1,291.67. The basis of this suit is the report rendered by the examiners sent to this county last fall by the State Auditor to overhaul the books of the various county officials.—Potosi Journal.

Mr. H. R. Taylor was at home Saturday evening and Sunday and Monday morning started a crew of men to Big Black River to begin gathering up the ties thrown out and scattered by the recent high water. All of the ties that can be found will be placed back in the river and the drive continued to Clearwater. The ties which went beyond Clearwater and 150,000 or more than that was taken off of the yard there and which are scattered from there to Poplar Bluff and possibly beyond—will be gathered up by other crews of men. This work will require several weeks' time and there will be thousands of ties that never will be recovered. The Moss Tie Company, we understand place their loss at from \$60,000 to \$80,000, and we believe it will be every dollar of that amount, if not more.—Center Valley Outlook.

The farmers along Logan creek have suffered little from high water but the people along Black River have. The editor drove to Leeper last Thursday and on the trip we did not see any great amount of destruction of crops until we got to Black River. Of course there is some damage done over on Doe Run Valley and Webb Valley. The farms lying along Black River were completely devastated. The corn fields look as though a roller had been used to flatten the corn. What corn was left on the stalk was husked and fed as soon as possible. We have not learned yet whether the farmers on Greenwood Valley suffered very much from the water from Black River or not. The river backed up the valley about a mile. Down below Leeper the river was at least a mile wide. It washed the Iron Mountain tracks so badly from Clearwater to Poplar Bluff that the Iron Mountain people had to use about a thousand men to put the track back in shape. Current River rose 27 feet and washed away the iron bridge at Van Buren. Also much live stock was drowned and thousands of dollars worth of lumber was washed away at Chilton.—Ellington Press.

Friday's St. Louis Times: "A pretty wedding Thursday evening was that of Miss Dorothy Hinsdale, daughter of Mrs. W. R. Hinsdale of 110 West Jackson road, Webster Groves, and Harold Leslie Hopchins, formerly of Fulton, Mo. The ceremony took place at 8 o'clock in the home of the bride's mother, Rev. D. M. Skilling of the Presbyterian Church of Webster Groves officiating. Miss Dorothy, daughter of Blanks of Mexico, Mo., played the wedding march. Only close relatives were present. The bride wore a creation of French embroidered net, veiling a white satin underdress. The skirt was cut round. Her veil of illusion was held to her by a wreath of orange blossoms, and she carried valley lilies and bride's roses, showered with bridal tulle. Miss Jennie Louise Hinsdale, sister of the bride, was maid of honor. She was gowned in white net over blue satin and carried pink Killarney roses. Edward Bradley of St. Louis was best man. Little Dorothy Austin and William Russell Allen were flower girl and ringbearer, respectively. An informal reception followed the ceremony, and after receiving congratulations the young couple departed for a brief honeymoon at Arcadia, Mo. Out-of-town guests were Mrs. Houshins of Fulton, Mo., mother of the bridegroom; Mrs. F. Kath of Pilot Knob, Mo., grandmother of the bride, and Miss Annie Kath of Pilot Knob; Miss Freda Ringo, Ironton, Mo.; Mrs. E. L. Horton of Minniman, Mo.; Mrs. C. L. Blanks of Mexico, Mo.; F. C. Kath of Hutchinson, Kan., and H. A. Kath of Potwin, Kan."

On Tuesday of last week relatives and friends assembled at the old home in Middlebrook in celebration of the 84th birthday of Mrs. Katharine Boss, one of the oldest residents of that town. Some of the guests arrived the night previous while others were delayed until noon on Tuesday evening; but the bulk of the crowd gathered in by noon. Fredericktown, Farmington, Bismarck, Pilot Knob, Ironton, St. Louis, Cincinnati, and other places, contributed their numbers. The greetings were joyful, and in some instances, affecting, as when the hostess unexpectedly was embraced by two old-time schoolmates whom she had not seen since days of their girlhood. But jollity ruled the occasion, and the Kaffee Klatch—such a Kaffee Klatch!—lacked not its devotees. Though there was a good score of them, neither the widow's cruise of oil nor her tub of meal was exhausted; in fact, the reversion of the feast would have fed as many more. I join with those present in wishing many another happy return of the day celebrated. Following is the roll of guests: Mrs. A. J. Bachman, of Clinton; Mrs. C. M. MacGregor, St. Louis; Mrs. Tillie Giese, Mrs. Fred Giese, Mrs. Herman Trauernicht, Farmington; Mrs. Wm. Trauernicht, Mrs. Fred Trauernicht, Ironton; Mrs. F. Kath and Miss Annie Kath, Pilot Knob; Mr. and Mrs. Degener, Fremont; Mrs. and family, Bismarck; Mr. Fred Schwane, Fredericktown; Mr. Henry Schwane, Mrs. George Schwane, Poplar Bluff; Mrs. Louise Block, Misses Louise and Marie Rodach and Mrs. L. Marney, Middlebrook.

While you are fussing and chewing the rag about the present summer being the only cool one that ever happened, the records of the olden time tell us that the year 1818 had no summer at all. June that year was the coldest ever known in this latitude. Heavy snows fell over the New England states and snow and ice were common; almost every green thing was killed. July was also accompanied by frost and ice. The corn was nearly all destroyed. August was more freezing than the months that preceded it. Ice was formed half an inch thick. Indian corn was so frozen that the greater part of it was cut down and used for fodder. Almost every green thing was destroyed, both in this country and Europe. Papers received from Europe stated that if the present generation that the year 1818 was a year in which there was no summer. Very little corn ripened in New England and the middle states. Farmers supplied themselves from the corn produced in 1817 for the seed of the spring 1817. It sold at from \$4 to \$6 per bushel. September furnished about two weeks of the mildest mild weather of the season. Soon after the middle it became very cold and frosty and ice formed a quarter of an inch thick. October produced more than its share of cold weather and ice abundantly. November was quiet, mild and comfortable. All nature seemed to be clad in sable hue and men were anxious concerning future life. The average price of flour in the

Philadelphia market during that year was \$12 per barrel. The average price of wheat in England was 97 shillings per quarter.—Exchange.
